
WISCONSIN ADOPTION AND PERMANENCY SUPPORT PROGRAM

March 15, 2022

To Whom It May Concern:

I have known Cameron Lee Small since April of 2019, when he traveled to Wisconsin to be part of an adult adoptee panel at a conference I had organized. As I heard him share his experiences, I realized that what he had to say was very beneficial for me as a post-adoption professional. I recommended him to be one of the speakers at the state's Wisconsin Adoption Conference and as I listened to him virtually present at that conference, I noted what a talented presenter and awesome role model he is. I appreciate how easy it is to correspond with Cam, and my co-workers and I have great respect for the digital products sold on his website as well. I'm proud to know Cam and look forward to partnering with him in future endeavors.
