To whom it may concern:

I am writing this letter to share my experience working with Cameron Lee Small, MS, LPCC. Cam took the role of a trainer for our organization to help inform and educate our international staff on trauma therapy best practices. We conducted the training session over Zoom and through a translator.

As the Executive Director of our organization, I am always looking for ways to help our team advance in their knowledge and skills. Cam brought a fresh perspective to our staff and left them with practical takeaways they could utilize right away. He has a deep understanding of trauma and its impact on individuals, and he is able to convey this knowledge in an engaging and accessible way.

Overall, I cannot recommend Cam highly enough as a trauma therapist trainer. He is a knowledgeable and compassionate professional, and we are grateful for his willingness to share his expertise in the area of trauma. We look forward to the next time he can interact with our growing team.

Please do not hesitate to contact me if you have any questions or require further information.

Until every child has a family,

Joe Darago
Executive Director, The Hope Effect
